

COVID-19 EMPLOYEE TOWNHALLS

Dear Colleagues,

All New Yorkers ages 12 and up are eligible to receive the COVID-19 vaccine, and many sites no longer require appointments.

In partnership with the NYC Department of Health & Mental Hygiene (DOHMH), NYCHA is hosting two COVID-19 Vaccine Information Sessions. During each session, a public health doctor will provide information about the vaccine, side effects, safety, and what to do after vaccination. There will be time for questions and answers to help NYCHA staff make informed decisions about getting vaccinated. You may submit questions in advance of the info sessions to Employee.Engagement@nycha.nyc.gov.

The sessions are open to all employees. Supervisors are advised to excuse interested staff so they can participate in one of the two sessions. Employees can join via Zoom or a dial-in number (audio only). Please find attached a flyer with the Zoom links and dial-in information that should be distributed to staff at our developments and other locations.

Click the link below during the scheduled Information Session to access the Zoom meeting. We recommend downloading Zoom (zoom.us/download) before the meeting.
